The Read/Write Web

Learning in the Digital Age

Today's story…

The Web in 2001

The Web in 2005

Read

Read/Write

The Read/Write Web

Participation

Collaboration

The Read/Write Web

Participation

Collaboration

…the individual as content provider

The Read/Write Web

the individual as content provider

through a set of social software tools

The Read/Write Web

social software tools

blogs, wikis, podcasts, flickr, del.icio.us, furl, screencasts, RSS, aggregator

The Read/Write Web

a digital environment for collaboration and participation

The Read/Write Web

a digital environment for collaboration and participation, where all have the ability to contribute

The Read/Write Web

a digital environment for collaboration and participation, where all have the ability to contribute, and knowledge and understanding (meaning) is a social negotiation…

The Read/Write Web

How do we leverage this environment to increase student achievement and performance?

The New Shape of Information

digital, networked, overwhelming (Warlick)

immediate, manipulatable , participatory, visual

the power of all of us….

Will Richardson

RSS, Wiki's, Blogs

I can:

read what others write

see what others are seeing

see what others are reading

see what others are bookmarking

The Read/Write Web

exposure to information and ideas

new ways of seeing and knowing

leading to creativity, innovation

The Read/Write Web

exposure to information and ideas

new ways of seeing and knowing

leading to creativity, innovation

The Read/Write Web

The Read/Write Web

Please, grant me the serenity to accept the pages I cannot edit,
The courage to edit the pages I can,
And the wisdom to know the difference….

The Wiki Prayer
